Relieves Backache Instantly

Sloan's Liniment is a great
remedy for backache. It
penetrates and relieves
the pain instantly—no rub-
bing necessary—just lay
it on lightly.

Here's Proof.

"I had my back hurt in the Boer War
and in San Francisco two years ago I
was hit by a street car in the same place.
I tried all kinds of drugs without suc-
cess. Two weeks ago I saw your liniment
in a drug store and got a bottle to
try. The first application caused instant
relief, and now except for a little stiff-
ness, I am almost well."

There may be a way to make your daily life more comfortable.

You must keep on "sawing wood" for the family, you know, but when the vital
forces recede a bit and you join the "cadaverous" army, look sharp to your food and
drink. Remember this fact that one wide-spread cause of a brain worker's downfall
into nervous prostration and a variety of disorders is

Coffee and Tea

Don't believe it! You say.

Make test and convince yourself, for therein lies a chance for relief. Try leav-
ing off the coffee and tea ten days. Use in their place good, well-made

HEALTH. Generally it's yours for the taking.

The gauge marks 9.2 and falling.

Only one foot of water is registered on the
gauge at Pittsburgh:

The Queen City is to leave Pittsburgh for
New Orleans on the 24th, if conditions are
favorable.

Boats and barges at the mouth of the Kan-
awha, it is said, will be in great danger when
the ice passes out of that stream. One
Kanawha gorge broke Sunday night, but
stopped again.

It is said the Queen City will attempt to
float down to Cincinnati and from there on
under light headway to fulfill her Mardi Gras
trip. This may be possible, provided no
gorges form before she starts.

There is more than 2,000 barrels of coal in
the Ohio at the mouth of the Kanawha, and
more tied up along the river at different
points. With reports of a gorge forming
between here and Pittsburgh, snow in the
mountains and vast quantities of ice in the
streams tributary to the Ohio it is said that
there is danger of a stupendous amount of
damage being done unless it thaws gradually.

This is a time-proven fact—that electri-
city is the cheapest form of lighting when
breakdown, upkeep and time is taken into
consideration. It is much easier to econo-
mize when you have only to touch a
button than when you have to set a
match, light a lighter, then possibly ad-
just the burner. Let us wire your re-
sidence, store or office and we will prove it.
